Newburyport, MA 01950

**RE: NHDES Wetlands Complaint File #2003-15, Flowers, 40 Highland Avenue,  
Hampton Tax Map 274 / Lot 53**

Dear Ms. Flowers:

The Department of Environmental Services ("DES") Wetlands Bureau received a monitoring report from your agent, NH Soil Consultants, Inc., with photo documentation of the wetland restoration area for the above referenced property on June 13, 2006.

As a result of this report, it is determined that the deficiencies described in the DES letter of March 9, 2004 have been corrected and no further monitoring is required. At this time, the erosion control measures (i.e. silt fence) may be removed. DES will close its enforcement file regarding the property. DES reserves the right to reopen this matter should additional information be received regarding additional violations on the property.

Thank you for your assistance to bring this matter to a resolution. Should you have any questions, please contact me at (603) 559-1514 or e-mail me at [dprice@des.state.nh.us](mailto:dprice@des.state.nh.us).

Sincerely,

David Price  
Compliance Investigator  
DES Wetlands/Site Specific-East Region
